

Letter from John Smallwood to Mr. Kirkham, December 9, 1914

JOHN SMALLWOOD 3216 N Street Northwest Phone, West 1863 Washington D.C. 1914,
December 9. Dear Mr. Kirkham,

As requested by you, I gave the transcript of the aerial machine notes precedence over other work I have in hand, and I trust that letting you have them first thing in the morning will outweigh the inconvenience I have caused you in filling in the blanks I have left in a few places where I did not quite catch what was said.

If I am to charge this to you will you please let me know; if I do not hear from you I will put it in my account with Dr. Bell.

Yours very truly, JSmallwood.
